Form No.: N/A.

Type of Review: Revision of existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 208.

Estimated Time Per Response: 5 hours.

Total Annual Burden: 1,040.

Needs and Uses: 47 CFR Section 63.100 requires that any local exchange or interexchange common carrier that operates transmission or switching facilities and provides access service or interstate or international telecommunications service that experiences an outage on any facilities which it owns or operates must notify the Commission if such service outage continues for 30 minutes or more. With such reports the FCC can monitor and take effective action to ensure network reliability.
